

English The children will start off the term by basing their learning around the traditional tale 'Goldilocks and the Three Bears'. This will then change to a new book in Week 4, with the aim this year to have 2 books or texts each half term to explore. The children will work on their retelling, speaking and listening, writing, story ordering, colourful semantics, reading and fine motor skills. The children will use their phonics and sight-word knowledge, along with symbol and visuals clues to compose writing in different forms.		Maths Maths this Autumn term will start by looking at number and place value. Beginning with number place and order before moving on to addition and subtraction. We will use worksheets, practical scenarios and a range of resources. The children will practise their counting, ordering and grouping skills before looking at addition and subtraction in various ways.		
Phonics This term they will continue using Read Write Inc. to teach Phonics. After a refresher, the children will progress at their different level through the scheme. They will learn new sounds, practice reading and sentence writing.	Science In Science this term we will be looking at materials including exploring, sorting, and comparing. We will complete investigations, look at materials different features and suitability.	Autumn Term 2026  The Hut Curriculum	History/Geography In History we will be learning about and exploring the difference between schools in the past and how school is now. In Geography we will be learning about different places around the world and making comparisons.	RE This term in RE we will be looking at giving thanks and how that is performed in different religions. We will look at what we are thankful for personally and how we can demonstrate thanks.
Computing In Computing children will be learning about what IT is, and its different formats and uses. The children will also develop their mouse and keyboard skills, create digital art and use different software.	Music In Music we will be following the 'Kapow' scheme of learning. This will include learning about rhythm, timing, beats, tone and speed. The children will use clapping as well as instruments to create different sounds.	PE This term PE in The Hut is on Wednesdays so please ensure PE kits are sent in each week. This term the children will be working on their teamwork skills as well as following instructions to complete different movements and using different equipment.	PSHE This half term in PSHE we will be exploring and learning about concepts such as hopes and fears, rights and responsibilities, and rewards and consequences.	Art & Design/Design & Technology In Art the children will be exploring drawing using different materials, tones and textures. They will also be completing some observational drawing.
