

<u>English</u>		<u>Maths</u>		
This term, we will read a range of exciting texts and learn about different types of writing. We will begin the year with the story The Tree and the River and then explore stories, poetry and instructions. The children will learn how each type of writing is organised and will plan, write and improve their own work. We will also develop grammar skills, sentence writing and more complex sentence structures.		Our learning is centred around number and place value for the Autumn Term. The children will develop their understanding of addition and subtraction, using various methods, including building mental fluency and developing written methods such as columnar addition and subtraction. Towards the end of the Autumn Term, we will also be looking at angles, shape and perimeter, including using perimeter to solve problems.		
<u>MFL</u>	<u>Science</u>	Autumn Term 2026	<u>History/Geography</u>	<u>RE</u>
The children will be introduced to Spanish culture and begin learning basic Spanish, including greetings and numbers.	First, the children will be learning about skeletons and muscles moving onto rocks and fossils later in the term. We will also develop their scientific enquiry skills through investigations.	 Year 3 Curriculum	In the first half term, the children will learn about the Stone Age, Bronze Age and Iron Age. In the second half term, we will be learning about volcanoes and earthquakes.	The children will explore the question " What makes us human? " They will learn about spirituality, how people are connected, and how some Buddhists focus on their inner thoughts and wellbeing.
<u>Computing</u>	<u>Music</u>	<u>PE</u>	<u>PSHE</u>	<u>Art & Design/Design & Technology</u>
The children will learn about computer systems and networks and explore the digital devices they use in everyday life.	The children will learn what ballads are and how to identify them. They will also be creating compositions in response to animations.	PE lessons are on Thursdays and Fridays . The children should come to school with the correct PE kit and be able to change by themselves. Trainers are recommended as they provide better support than plimsolls.	The children will explore the themes " Being Me " " Celebrating Differences ." They will think about their strengths, goals and aspirations, while learning to respect and appreciate the differences between people.	The children will create artwork inspired by prehistoric eras, developing drawing skills using different materials. They will then learn about cooking and nutrition , practising skills such as cutting, peeling and tasting the foods they prepare.
